Medical Malpractice and Managed Care News Digest August, 2009

Welcome to the HPR Insurance Services newsletter. The purpose of this newsletter is to bring you a summary of medical malpractice and managed care news that we hope will be timely, relevant and in a format you can easily use.

Quick Links...

Cutting Repeat Hospital Trips -- Simple Idea, Hard to Pull Off

Wall Street Journal

One prescription for slashing billions of dollars from America's health-care spending will come down to questions like this: Can hospitals persuade discharged patients such as Betty Beauchaine to pass up a Fourth of July hot dog...

Falsified and Missing Records Cover Up Medical Malpractice

The Injury Board.com

According to an investigation by the New York Daily News, an outbreak of faked medical records at New York City hospitals have led to 16 state citations over the past four years...

Physicians giving expert testimony are regulated by law, professional associations

OrthoSuperSite.com

While courts have generally viewed the programs as assisting the judicial process, critics claim that the impact has a chilling effect on the willingness of physicians and surgeons to serve as expert witnesses for plaintiffs in malpractice cases...

Deconstructing Negligence: The Role of Individual and System Factors in Causing Medical Injuries

TortsProf Blog

Like most branches of tort law, medical malpractice is largely premised on the notions that injuries arise from individual carelessness or lack of expertise, that culpable actors can be readily identified, and that their negligence can be deterred by setting damages sufficiently high to induce medical professionals to take due care. The emerging science of patient safety takes a very different view of the occurrence and prevention of medical injury in favor of a "systems" view of accident causation...

The Three Main Causes for Medical Malpractice

The Injury Board.com

Although there are mistakes made in operating rooms every day, prescriptions are written out hastily and patients take a turn for the worst, there are three major causes for medical malpractice...

Inland area shortchanged on state funds to cover health care for the poor

The Press Enterprise

Despite continued population growth and high poverty rates, Riverside and San Bernardino counties are among the lowest-ranked in receiving money to provide state-mandated healthcare to poor residents...

Common Terms Used in Medical Malpractice Suits

The Injury Board.com

As most people are not familiar with legal terminology until they are thrown into a law suit, here are some terms that you may want to familiarize yourself with if you are considering or are already involved in a medical malpractice lawsuit...

Electronic link may cut cardiac deaths

UPI.Com

Electronic records linked to health experts can help cardiac patients stay healthier, U.S. researchers say. The Kaiser Permanente study, published in The American Journal of Managed Care, finds a program linking coronary...

California Medical Malpractice Damages Cap Challenge Refused

AboutLawsuits.com

The California Supreme Court has decided not to hear an appeal that attempted to overturn the state's 34-year old cap on non-ecomomic damages in medical malpractice lawsuits, maintaining the \$250,000 limit on plaintiffs' recoveries for pain and suffering...

Colonscopy Perforation Malpractice Lawsuit Results in \$1M Verdict

AboutLawSuits.com

The colonoscopy malpractice lawsuit was filed by Michael Salopek, who went to Dr. David Friedman in February 2005 to treat a punctured colon that occurred during a colonoscopy. Dr. Friedman failed to locate the hole in Salopek's colon and assumed that the perforation had healed itself.
